Decrease in the Sewage Networks Cost Index (SNCI)

The overall Sewage Networks Cost Index (SNCI) reached 108.19 with a decrease of 0.20% in the West Bank* during January 2017 compared with December 2016 (base month January 2010=100).

Note:

* The data of West Bank doesn't include that part of Jerusalem which was annexed forcefully by Israel following its occupation of the West Bank in 1967.

NB:

1. Gaza Strip data is not available.
2. The difference in the percentage change in major groups of road, construction, water networks, and sewage networks cost index is due to the nature compositions of these major groups.
