DAY 731: ISRAEL'S ONGOING GENOCIDE IN GAZA

Israel's systematic erasure of various parts of the Gaza Strip, including the ongoing destruction of Gaza City, is effectively "wiping out thousands of years of Palestinian and Arab heritage," which constitutes "a crime against history itself," as described by +972 magazine. Over the past week, UNRWA's Philippe Lazzarini warned of "planned large scale massacres" in Gaza City. As tens of thousands of Palestinians face repeated displacement under extremely harsh conditions, UNRWA explained that about half a million Palestinians are trapped in Gaza City within an area of no more than eight square kilometers. This means that "approximately 70,000 people will be crowded into each square kilometer" in the southern areas to which Israel is demanding civilians evacuate, amid a catastrophic humanitarian situation. Also, the Government's Emergency Operations Room warned of a worsening humanitarian catastrophe as time runs out and deaths from hunger and malnutrition increase, especially among children. Furthermore, the Israeli occupation forces (IOF) continued bombarding different parts of Gaza, including al-Shifa and al-Helou hospitals in Gaza City, despite patients and displaced persons being present. A newborn at Al-Helou Hospital died, and three premature infants were transferred to another hospital in the south. As of 5 October, medical sources confirmed the death of 460 Palestinians from starvation, including 154 children. At the aid distribution centers of the Gaza "Humanitarian" Foundation, the IOF has continued to target starved Palestinians seeking aid, killing 2,605 Palestinians and wounding around 19,124 others since 27 May 2025.

STATE OF PALESTINE WELCOMES PRESIDENT TRUMP'S CEASEFIRE CALL

H.E. President Mahmoud Abbas welcomed President Trump's announcement on ending the war in Gaza. The President also welcomed Hamas's positive statements positive statements "as they signal a willingness to release all hostages and adopt a constructive approach during this critical stage, which requires everyone to exercise the highest level of national responsibility." Praising the efforts of Arab and Islamic countries, especially Saudi Arabia, Egypt, Jordan, Qatar, UAE, Turkey, Indonesia, and Pakistan, in supporting peace, the President reaffirmed the State of Palestine's readiness to work constructively with President Trump and all Arab and international partners, including the International Peace Conference and the United Nations Security Council, to achieve stability and a just, lasting peace in line with international law.
