The Government of Japan has decided to allocate approximately 25 billion yen (approximately 167 million USD) from the Fiscal Year 2025 Supplementary Budget to support Palestine. This decision is intended to contribute to humanitarian assistance, early recovery and reconstruction in Gaza, as well as state-building efforts for Palestine.

The package includes various type of projects such as budget support to the Palestinian Authority, humanitarian assistance in the fields of health, WASH, food security, waste management, as well as early recovery efforts such as debris and unexploded ordnance management.
