Briefing by Nickolay Mladenov, Special Coordinator for the Middle East Peace Process, to the Security Council on the situation in the Middle East, 24 March 2016

The past month has been marked by some of the bloodiest incidents in this current wave of violence across Israel and the occupied West Bank, including East Jerusalem. Less than an hour before that, two Israeli police officers were seriously wounded in a shooting attack near Jerusalem's Old City, while at almost the same time, an Israeli man was stabbed in an attack outside Tel Aviv; thankfully he survived.

World Bank

Lifting Restrictions and Promoting Better Regulation to Unleash the Potential of the Digital Economy in Palestine, 31 March 2016

Jerusalem, March 31, 2016 – A new World Bank report estimates the Palestinian mobile sector revenue losses at more than US$1 billion in the last three years. The Palestinian Authority's fiscal losses for the same period are as high as US$184 million, counting non-collected VAT alone, up to 3.0% of the GDP.
The report, Missed Opportunity for Economic Development, highlights how the Palestinian telecom sector is suffering from several constraints, claiming heavy toll on the economy, the consumer, and the Palestinian Authority. The sector was hindered by years of delay in mobile broadband, presence of unauthorized Israeli operators in the Palestinian market, restrictions on importing equipment, and absence of an independent regulator.

The Ministry of Foreign Affairs and International Cooperation is concerned by Israel's decision announced yesterday to annex 234 hectares of land in the West Bank south of Jericho.

It is a measure which, by increasing the area available for new settlements, contributes to erode the two-state solution, the only one which can guarantee Israelis and Palestinians a future of peace and security.

Switzerland Federal Department of Foreign Affairs

Switzerland deplores the Israeli government's decision to expropriate Palestinian land south of Jericho to make way for settlements, 18 March 2016

Switzerland deplores the Israeli government's decision to confiscate land in the occupied Palestinian territory to make way for settlements.

The land in question is located south of Jericho and has been declared 'public land' to allow the expansion of Israeli settlements. This amounts to a de facto seizure of Palestinian land in the occupied Palestinian territory.

Switzerland has repeatedly emphasised that the Israeli settlements are illegal under international law and that they seriously compromise Israel's commitment to reaching a two-state solution.
